PROFESSIONAL SUMMARY

Senior Full Stack Developer with over 11+ years of professional software engineering experience, including more than 9 years specializing in building enterprise web applications using React.js, Next.js, Node.js, Express.js, JavaScript, TypeScript, and RESTful APIs. Proven expertise in designing scalable front-end architectures, developing reusable component libraries, integrating backend services, modernizing legacy applications, and delivering high-quality software throughout the complete Software Development Life Cycle (SDLC). Trusted to independently manage business-critical legacy systems, lead end-to-end feature development, mentor interns and junior developers, and collaborate with global cross-functional Agile teams. Proficient in leveraging AI-assisted development tools to enhance engineering productivity, code quality, and delivery speed.

EXPERIENCE

Twist Resources, Inc.

Clark Freeport Zone, Pampanga, Philippines

Senior Agile Software Engineer / Full Stack Developer

Feb 2015 – Aug 2026

- Architected, developed, and maintained enterprise web applications utilizing React.js, Next.js, Node.js, Express.js, and RESTful APIs across the full SDLC.
- Engineered reusable UI components and scalable front-end architectures that enhanced development efficiency and ensured cross-application consistency.
- Integrated front-end applications with complex backend microservices and relational databases (PostgreSQL, MySQL).
- Modernized legacy applications ensuring high responsiveness, accessibility, backward compatibility, and long-term maintainability.
- Independently managed multiple business-critical legacy enterprise systems with full operational accountability and sustained high availability.
- Led end-to-end feature implementations from technical analysis through deployment and ongoing production support.
- Mentored junior developers and engineering interns on React.js, JavaScript, Git workflows, clean code architecture, and Agile best practices.
- Integrated AI-assisted development tools (GitHub Copilot, Claude, Gemini) into engineering workflows to optimize delivery speed and code quality.

Integreon Managed Solutions

Makati City, Philippines

Graphics Specialist

May 2014 – Nov 2014

- Created professional PowerPoint presentations, structured Excel reports, and executive business graphics for enterprise clients under strict deadlines.

SELECTED PROJECTS

- **Global Study Partners:** International student recruitment platform.
- **StudyLane Nepal:** Student recruitment and education services platform.
- **CoreLogic PropertyHub:** Enterprise property information platform.
- **TwistResources HR:** Human Resources Management System.

- **TwistResources Internal Portal:** Enterprise internal employee management and operational tool.
- **TwistTeams Staffing Hub:** Platform supporting offshore staffing, client engagement, and talent workflows.
- **ToolTwist Platform:** Enterprise UI framework and reusable component architecture.
- **TTCM:** Enterprise Content Management System.
- **TTPR:** Business Process Management Platform.
- **LContreras OB-Gyne:** Healthcare management system.
- **XContent:** Digital content distribution platform.
- **Shutter Speed Production:** Creative portfolio website.

TECHNICAL SKILLS

Frontend:	React.js, Next.js, Redux, Vue.js, AngularJS, JavaScript (ES6+), TypeScript, Tailwind CSS, Vite, HTML5, CSS3
Backend & DB:	Node.js, Express.js, REST API Development, PostgreSQL, MySQL
Cloud & DevOps:	Docker, AWS, Google Cloud Platform, CI/CD, Git, GitHub, GitLab, Bitbucket
Methodologies & AI:	Agile Scrum, SDLC, Legacy Modernization, GitHub Copilot, Claude, Gemini, OpenAI Codex, Jira, Trello

EDUCATION & CERTIFICATIONS

AMA Computer College	Pampanga Campus, Philippines
Bachelor of Science in Information Technology (Cum Laude)	Graduated 2014

- Certifications:**
- ICAgile Certified Professional (ICP) – ICAgile (June 2024)
 - React - The Complete Guide – Udemy (January 2026)
 - Vue.js Fast Crash Course – Udemy (January 2026)
